

CUDDY INSPECTS MANHATTAN ROAD

INCIDENTALLY LOOKS AROUND CAMP AND IS WELL PLEASED.

County Commissioner W. T. Cuddy returned yesterday from a trip to Manhattan, where he had gone to inspect the roads, his board having ordered them repaired.

"I went out on top of the stage and I came back on top of the stage," said Mr. Cuddy. "I did this that I might get a better view of the country and of both the roads. I went out the lower road and came back the upper. The latter is the best for winter travel, and it is four miles shorter. Men are already at work repairing this and it is going to be in fine condition for the stage and heavy teams.

"The roads are not in such bad condition as some people would lead one to believe, and I do not think that it will require more than about \$300 for the repairs at the worst place, near Manhattan. But there is no doubt of their being put into the best of condition before we have finished with them.

"Manhattan is looking fine, and there is a great deal of activity in the camp. I visited the Wolf mill and I was surprised to see the way that things were going there. They are running in full blast and have all the ore that they can work from the Manhattan Consolidated. The ore has proved a great surprise to them all, the average going far above what they anticipated. The Lemon mill, they tell me, will be ready for operation in a week or ten days, and the third mill will be doing business in about two weeks.

"The hills are filled with leasers, and the majority of them are making a go of it. There is nothing that can now stop the advancement of Manhattan, and I believe that she is going to be second to no camp in the state."

THE LIEUTENANT AND THE COWBOY

CHARMING PLAY TO BE PRESENTED AT THE PAVILION.

"The Lieutenant and the Cowboy," which from all accounts is one of the best productions that Tonopah has seen for many a day, will be the attraction at the Pavilion theater on Tuesday night, with the romantic young actor, Theodore Lorch at the head of the company. The play, which has proved a great success in the east, is a product of the west, with the principal scenes laid in a military post. There are some very strong situations, and dramatic possibilities, with a tangled skein of love running through the drama. The play is said to be far above the average, and the company and its accessories will be brought here at no little expense, making only this city and Goldfield in southern Nevada.

Rings Dyspepsia Tablets do the work. Stomach trouble, dyspepsia, indigestion, bloating, etc., yield quickly. Two days treatment free. Ask your druggist for a free trial. Sold by Tonopah Drug Co.

Journals, cash books and ledgers—just the thing the merchant needs—best that can be made. For sale at the Bonanza office.

There will be a matinee at the Butler theater this afternoon at 3 o'clock, and the usual evening performances at 7 and 8:20 o'clock. The new moving pictures are the hit of the town.

PERSONAL MENTION

M. J. O'Meara went out to the Valcald Silver Peak mine yesterday. Charles Peterson will leave this morning for the coast, and expects to be away two weeks.

C. R. Scott, better known as Round Mountain "Scotty," returned yesterday from a trip to Rawhide.

A. G. Raycraft, Lem Platt, P. E. Keeler, H. H. Bason and F. Y. Williams left yesterday in the Raycraft machine for Golden Arrow on a duck hunt. We will have ducks to eat now for a week, maybe.

George B. Thatcher, L. L. Mushett, Fred Chapman and H. E. Crabtree went out to Round Mountain yesterday as the guests of B. L. Smith in the latter's machine yesterday morning, to be gone for a couple of days.

J. F. Hedden, superintendent of the Tonopah and Goldfield road, accompanied by Mrs. Hedden, returned from the east yesterday morning. Mr. Hedden will leave again for Sparks this morning to meet C. K. Lord, the new president of the road.

LOS ANGELES IS AWAKENING

SEES MANY OPPORTUNITIES IN SOUTHERN NEVADA.

R. P. Dunlap, who has just returned from Los Angeles, sees a great deal in the city of angels which promises well for the future of this country. It was not always so with Mr. Dunlap. There was a time when he doubted the sincerity of the people of the southland with regard to southern Nevada.

"The people of Los Angeles," said he, "have fully awakened to the opportunities of southern Nevada, and they are ready to take advantage of them. I talked with many of the business men, the merchants, the real estate men and the brokers, and they are of the same opinion that Los Angeles will be the center for mining and stock operations for southern Nevada.

"While realizing the opportunities of this country, they also realize that they are going to get it when guess work practically is eliminated, for while they have been watching this country, the properties were being developed, and there is so much to draw from which has made good, that speculation is reduced to investment. The people of Los Angeles look to this country to aid them in a work that heretofore has been confined to their own country.

"There are thousands of people who go to Los Angeles each year to spend the winter, and they are always looking for speculation in which they can turn over their money. Formerly, it was real estate, and not a few of the visitors more than made their expenses during their visit, but had a real good time at that, and money besides, to carry home with them. The day for real estate speculation has passed, and there is nothing but stock speculation to take its place. There are not less than 35,000 visitors who spend the winter in Los Angeles who do not know what to do with their money, and to them there can be no more inviting field than southern Nevada.

"There are no hard times in Los Angeles; there is plenty of money to be had. The city is on a certificate basis, to be sure, but this is only for their own protection. I had to take certificates as did everybody else, but there was no trouble in disposing of them. The stores take it, the theaters, the restaurants, the street cars, the hotels and the railroads accept it, so that there is no inconvenience whatever. The banks are using the certificates instead of money, so that they can keep the money in the city. There have been issued one million dollars in clearing house certificates, against which has been deposited two million dollars in actual coin and currency with the clearing house committee.

"The bankers look for a change in conditions in a very short while, just as soon as currency begins to flow westward, and really, that movement seems to have set in already. The banks are ready to go on a cash basis as soon as the first currency or coin comes in. There is no reason for their being on anything but a cash basis, but that they are unable to get their cash reservations which are in the eastern banks. There is a good, strong stock exchange in Los Angeles, and it is patronized by a fine class of people, showing that the interest is general in the securities which are deal in. The exchange needs a little more exploitation in the Los Angeles newspapers, but that will come in time."

TONOPAH AND GOLDFIELD RAILROAD COMPANY.

OFFICE OF GENERAL PASSENGER AGENT.

Effective Wednesday, November 20th, trains 3 and 4, leaving Goldfield 9:50 a. m., arriving Tonopah 11:00 a. m., and trains 7 and 8, leaving Tonopah 4:20 p. m., arriving Goldfield 5:30 p. m., will be discontinued, last trains on these schedules running Tuesday, November 19th.

J. F. HEDDEN,
General Passenger Agent.
11-17-07.

GENERAL MANAGER HEDDEN RETURNS

SAYS ADVENT OF MR. LORD DOES NOT MEAN ANY CHANGES.

General Superintendent J. F. Hedden of the Tonopah and Goldfield road arrived from the east yesterday morning, having been pretty well on the go since he left here three weeks ago last night. While Mr. Hedden was in the east, Mr. Brock resigned from the presidency of the road, and Mr. C. K. Lord was elected in his place. Since then, Mr. Brock has retired from the presidency of the Tonopah Mining company and the Belmont Mining company.

"Mr. Lord is an old railroad man," said Mr. Hedden. "He was formerly second or third vice president of the Baltimore and Ohio, but of late years has been in the coal business, where he has had considerable time on his hands. Mr. Lord is a good business man, active and energetic, and a right good mixer. He is coming here to look over the ground and familiarize himself with the road. I will leave again in the morning and go as far as Sparks to meet him and bring him back on Monday.

"The advent of Mr. Lord will not mean any changes, or the creation of any positions. Everything will go on as usual, but I expect that the Goldfield local will be cut off for the reason that there is no profit in it, and has not been any for the past four or five months. This will leave two trains a day, both ways, between the two points and that will be enough to accommodate the traffic.

"The conditions in the east have been pretty bad, and they are not entirely wiped out. In the New England states there have been in the neighborhood of 30,000 men let out of employment, but the shutting down of industries, and reducing the forces, and the fear is that it will be a long time before this condition is straightened out. There has been too much work going on all over the country for the amount of money that we have had on hand. It is estimated that there have been not less than \$75,000,000 withdrawn from general circulation by the people who have hoarded their money in safe deposit boxes, tin cans and old stockings.

"This is what has caused hard times, and one can easily imagine how the business of the banks and of all kinds of industries has been paralyzed by such a monumental loss to circulation. I read with a great deal of interest in this morning's Bonanza of the number of people who were buying stocks and industrials. That means that some of this hoarded money is going back into circulation. Of course the conditions cannot last, when we stop to consider the immense crops of the country this year, and that those crops are now being moved, and the money is ready in Europe to pay for their purchase.

"The money is coming into the country at a pretty fast rate, and when the crops have been paid for, and the money that was hoarded is again in circulation, there will be such a condition of prosperity as the world has never seen, money being as plentiful as it has been scarce. I do not wonder at the people who have any means at all, getting into the stocks and industrials. Look at the prices of them. New York Central below par, and New Haven, New York and Hartford around \$140 a share, and paying 8 per cent dividends as regular as the earth goes round. The people cannot long resist putting their money into such investments and once a good start is made in that direction, there will be an army of investors follow, and it cannot be a great while after that that we will see good times again."

TAXES

You are, hereby notified that your State and County taxes for the year of 1907 are due and payable. If not paid December 2, 1907, 10 per cent and all cost will be added by law.

R. F. GILBERT,
Treasurer of Nye County, Nevada.

REPUDIATE ST. JOHN.

Reno socialists are very much worked up over the assertion that Vincent St. John, who was recently wounded in a pistol duel at Goldfield, is one of their number. They say that the Goldfield and ex-Colorado labor agitator is at utter variance with their beliefs, and emphasize that declaration with the assertion that St. John is a total anarchist—does not believe in any form of government, or any form of law and order.—Reno Reveille.

PROMINENT MAN VISITS TONOPAH

MAN WHO PRESENTED THIS CITY WITH FIRST HOSE CART.

R. D. Wirt, president of the Wirt-Knox Manufacturing company of Philadelphia, who has been in this section of the country for the past week or ten days, will leave this morning for Los Angeles, from where he will return to Philadelphia. Mr. Wirt has been visiting Tonopah, Goldfield and Bullfrog where he is interested with Charles E. Knox and others. This is his first trip here, and he is very well pleased with the outlook. Mr. Wirt, through Mr. Knox, presented Tonopah with the first hose cart of which the camp ever boasted. The house over which he presides, manufactures only articles invented and patented by him.

LADIES THIS IS YOUR OPPORTUNITY

Bright and early tomorrow morning, ladies, get right down to Ryan and Stenson's store, for there is going to be the chance of the year. There is a sale on for the rest of the week, with the goods marked down 25 per cent below the selling cost. You all know Ryan and Stenson, and you know that a 25 per cent reduction means just what it says.

The cut is made in dry goods, men's and ladies' furnishings, men's and boys' suits and overcoats, and other necessities for the winter. Ryan and Stenson's advertisement on another page will give you all the particulars; the other details you will learn at the store.

Certificates of location for sale at his office.

NOTICE.

FOR THE PURPOSE OF RECEIVING SIGNATURES TO AGREEMENT WITH ITS DEPOSITORS, THE STATE BANK AND TRUST COMPANY WILL BE OPEN DAILY FROM 9 A. M. TO 5 P. M., AND FROM 7 P. M. TO 9 P. M. ALL DEPOSITORS ARE REQUESTED TO CALL AT ONCE, IN ORDER TO FACILITATE THE EARLY OPENING OF THE BANK.

MILLERS TEAM AT HARD PRACTICE

GETTING IN SHAPE FOR GAME WITH GOLDFIELD KICKERS.

(Special to The Bonanza.)

MILLERS, Nov. 16.—Millers "a" making great preparations for its football game with Goldfield on Sunday, November 24, and Thanksgiving day. The team has had some good practice under the coaching of Captain Weller, who was one of the greatest fullbacks Stanford ever had and he has over twenty-six men to select from.

At present the lineup in practice has been: Fullback and captain, Weller; halves, Barr and Golcher; quarter, Golcher, C.; center, Varrell; guards, Hornberger and Webster; tackle, Lightfoot and Calvert; ends, Barney and Bradley. This lineup is subject to change, but in all probabilities will be the team that will oppose Goldfield at Millers on November 24. A special train will leave Goldfield for Millers, bearing the Goldfield team and rooters.

RICHELIEU GRILL IS VERY POPULAR

The Richelieu grill remained closed but two days and a night, for business was resumed at the old stand last night. The popular resort was reopened under the management of M. B. Johnson, and will be continued in the same first class style that has always distinguished it in the past. The place has been improved in many respects. The kitchen is in charge of Kuracevich and Jaksick, who are accounted as two of the best chefs in the state.

MISCELLANEOUS
